

# **WE HAVE FUNDING...**

***AND WE WANT YOUR FARMERS***

***MARKET TO GET SOME!***

Link Up Illinois enables Illinois farmers markets to implement Link Match programs, providing funding and technical assistance to double the value of SNAP/Link purchases.

By offering a Link Match program, your market will make fresh fruits and vegetables more affordable for SNAP/Link recipients AND will support Illinois' local farm economies!

For more information and to apply for Link Match funding, contact [linkup@experimentalstation.org](mailto:linkup@experimentalstation.org).
