WHORLS, AND MORE!**

**NASHTY51**

1951 NASH STATESMAN  
BY CARL AND KATHY CASEY

## IT'S ALL ABOUT THE 1950'S:

Carl and Kathy Casey are proud owners of this usual and extremely custom 1951 Nash Statesman Super Model 5149, that they have nicknamed Nashty51. Restored in 1995 by Carl and his son in only eight months' time. The paint is white diamond pearl and raspberry. The interior color combo is mulberry and violet. Some of the unique features include an all-electric sunroof, doors, trunk, and antenna. As expected and necessary in Florida, it does have air conditioning.

In keeping with the 1950's era theme, Carl added curb feelers, breezers on the vent windows, and reclining seats. But the big surprise that this custom contains are twin travel beds. Sporting a reliable Chevy 350 topped by a Holly carb, Nashty51 travels extensively with 53 trophies to her credit.
