### Hello, Pacific Symphony Volunteers!

What fun it has been to receive many of your completed crossword puzzles from last week's Volunteer Challenge! Congratulations to so many of you who excelled at this activity.

Today, you are in for a treat! Instead of listening to music, you are going to create your own music using [Google Chrome Music Lab](#). You don't need to have a Google account to participate, either.

This is from a music lesson that my daughter just created for her students. When she showed it to me, I thought of YOU and knew you would enjoy it, too! It is a fun way to visualize the "shape" of sounds and it can be a lot of fun to "hear" images! Here is our [creation](#)!

#### Here are the steps to use it:

1. Go to: <https://musiclab.chromeexperiments.com/>
2. Click on each box for the program to play during that note
3. Change instruments and rhythms as desired.
4. Click save in the bottom right corner, and send it to us!

#### For more resources:

Here is the video tutorial:

And here are other music making offerings:

- **Rhythm** : <https://musiclab.chromeexperiments.com/Rhythm/>
- **Music Painting**: <https://musiclab.chromeexperiments.com/Kandinsky/>
- **Voice Spinner** : <https://musiclab.chromeexperiments.com/Voice-Spinner/>

Make sure to save and send us your musical composition (just send us the link so we can hear it!) For the volunteers who complete all the games/puzzles/crosswords/more that we send while we are away from the office, we will have a special surprise. So, keep watching for our twice weekly emails, show us your completed work and we will keep you on the list for your reward!

Stay well. Stay safe. Know that we miss you.

Warm regards,

Abby
