Hello, Pacific Symphony Volunteers!

Happy Earth Day to all of you! In honor of Earth Day, we encourage you to get outside today, enjoy the fresh air, take some deep breaths, listen to the birds sing and enjoy the beauty outside!

You can take a walk or sit in a beautiful spot to listen to the music of our world. You can take a virtual bicycle ride around Orange County and see the beautiful sites. Click [here](#) to be transported to the Irvine Regional Park to see the beauty all around us!

Or you can take your iPad or mobile phone with you and click the following links to hear what some amazing composers have written about our world and universe.

Written between 1914 and 1916 by British composer Gustav Holst, "The Planets" represents all the known planets of the Solar system seen from Earth at that time, and their corresponding astrological character. Click [here](#) to be moved by Holst's magnificent work.

1. Mars – The Bringer of War
2. Venus – The Bringer of Peace
3. Mercury – The Winged Messenger
4. Jupiter – The Bringer of Jollity
5. Saturn – The Bringer of Old Age
6. Uranus – The Magician
7. Neptune - The Mystic

The Four Seasons is a group of four violin concerti by Italian composer Antonio Vivaldi, each of which gives musical expression to a season of the year. They were written around 1716-1717 and published in 1725 in Amsterdam. Enjoy Spring, Summer, Autumn and Winter [here](#).

Whatever you choose to do, we hope you have a special time and remember that we are thinking of you fondly.

Stay well. Stay safe. Know that we miss you.

Warm regards,

Abby
