

Feature Your Business During Tinley Park Earth Week 2023!

Join the Tinley Park Environmental Enhancement Commission in fun events

Mission & Vision:

Tinley Park Earth Week 2023 (April 16-22) hosted by the Tinley Park Environmental Enhancement Commission (EEC) will help families and businesses engage in eco-friendly activities in a fun, easy, and approachable way.

For families and teens, we provide an **eco-themed scavenger hunt** that encourages education, engagement, and exploration.

For Tinley Park businesses, we give them an opportunity to showcase their eco-friendly initiatives and and connect them to residents and customers.

Your business benefits:

1. **Easy, low buy-in.** All you must do is stamp scavenger hunt players' cards.
2. **Connect with wider range of customers.** How: Scavenger hunt participants need to enter your business to participate.
3. **Communicate your business's eco-friendly initiatives.** How: Scavenger hunt participants get an extra stamp for asking you about your eco-friendly initiatives.
4. **Ongoing promotion for your business.** How: Feature your business's logo on the Tinley Park Earth Week Tote Bag, which is the prize for winning scavenger hunt participants.

Bonus incentive for your business:

If your business already does 3 or more eco-initiatives, receive a "Friends of the Environmental Enhancement Commission Green Team" window decal to display on your front door.

How it works:

Scavenger hunt players download and print a Tinley Park Earth Week Scavenger Hunt Bingo Card from the Tinley Park Environmental Enhancement Commission's webpage. Players fill their card by entering a participating business and locating a photo or figurine of a black-capped chickadee (birds local to the area) that will be displayed in the business by the business owner for players to find. (The EEC will provide the chickadee photo/figurine to participating businesses.) When a player locates the image of the chickadee, they ask a business associate to stamp their card. Players can receive one (1) additional bonus stamp for asking the business about their eco-friendly initiatives.

Click [here](#) to see the list of eco-friendly initiatives. We welcome participation big or small! Even small initiatives help make a difference. If your business has any other eco-friendly or sustainability initiatives that are not on the list – feel free to still participate.

How players win:

Scavenger hunt players need to collect 9 stamps to win a prize.

Prize for scavenger hunt winners:

Tinley Park Earth Week Tote Bag featuring logos of all participating businesses

Other Earth Week 2023 Events

Earth Week 2023 will culminate with a family-friendly Earth Fair at the Village Hall Kallsen Center, which will feature partners, local businesses and more. We also welcome your participation as a vendor in this event should you be interested.

Interested in your business participating in Tinley Park Earth Week 2023?

Email the Tinley Park Environmental Enhancement Commission at Environment@TinleyPark.org and we'll take care of the rest!

Deadline

Please let us know if your business would like to participate in Earth Week 2023's Scavenger Hunt by **March 10, 2023**.
