

2018 PCSC HANDGUN NIGHT SHOOTS SATURDAY - FEB. 3RD, MARCH 3RD, APRIL 7TH

**CONTACT RICHARD COOKUS @ 817.319.6433
FOR TIMES AND REGISTRATION**

Safety briefing and gun and ammunition inspection required. Only guns with Iron sights and may have tritium inserts will be used. No Laser, Red Dot or Flashlight will be used at this time. Need 50 rounds of ammo. We will simulate a C.H.L. course of fire. We will have some range officers with night shooting experience. We will use range F and those rules will apply. Interested members are to register with Manager Henry Harwood (817.229.8625) because we can only have 24 shooters per night. Member's children must be 13 years and over and competent with the handgun to be used. Each shooter will be paired with a coach and this 2 person team will change positions at the finish, so be sure you have allotted your time for up to 10 P.M. All firing will stop at 10 P.M. Clean-up and put up equipment help will be needed from shooters. This is most of the info. And do NOT bring a loaded handgun into a building; be sure to clear them before.

**PCSC HANDGUN NIGHT SHOOTS are
pre-approved by the PCSC BOARD of DIRECTORS**
