

## New Fire Tools and First Aide Kits

On Rainge A, B, C and Five Stand has new fire tools and first aid kit in the middle of the ranges by the Extinguisher Signs. The Five stand shotgun range the First aid kit is in the Box.

### Tools

1. There is a 5 gallon bucket half full of water and antifreeze with a wool blanket. Wool does not burn easily if damped with water.
2. Fire Swatter -the stomp out flames on grass.
3. McLeod Fire Tool – A hoe- rake to remove grass and brush ahead of fire. Making a fire break.

If a fire starts call 911 they will ask for your name, phone number address of fire 6700 Advance Rd Poolville Texas. Tell them what range the fire is on and they have a detailed map of our range and the access points. OPEN GATE!! Ask for help from other members.

### Working Fire

Look for direction the fire is going, get ahead of the fire making a fire break ahead of fire or use the wet Wool Blanket and the Fire Swatter on the flames.

Do not worry about putting out fire on trees or wood in middle of blackened area, the firemen will put that out.

Get ahead of the fire to stop it!
