

PCSC Members,

We are looking for some help with New Member Orientations. Here are the topics we need help with.

- **Making Keys, Lanyards and Badges, getting things ready for Orientation.**
- **Presenters, this is in 2 parts, 1 Shotgun 2 Main presentation. (which covers all the ranges and general rules, walk around of the club property).**

If you are interested, please send us an email to:

membership@parkersportsman.com and we will contact you on when we are going to do a Train the Trainer event.

P.S. Something to think about, when you come to the range how is it that there is always target frames to put your targets on, when you came to orientation someone was there to welcome you, and show you around our great place. When you shoot shotgun sports the machines are up and running, the grass is mowed, trash is picked up, there is TP and towels to dry your hands with and other necessities in the bathrooms and the list goes on. None of this would be possible if we did not have Volunteers to oversee and get things done.

Thank you all that volunteer your time to make our club/range one of the best places around.

Ruben Sandoval

PCSC-Director
