

# Community Quarterly Meeting

**August 18, 2022**

# WELCOME

to *your*  
Community  
Quarterly Meeting

# Puyallup Tribe Official Land Acknowledgement

We acknowledge that we are on the traditional homelands of the Puyallup Tribe. The Puyallup people have lived on and stewarded these lands since the beginning of time, and continue to do so today. We recognize that this land acknowledgement is one small step toward true allyship and we commit to uplifting the voices, experiences, and histories of the Indigenous people of this land and beyond.

# Mission and Vision

**Mission:** To love and serve the needs of neighbors experiencing homelessness.

**Vision:** Communities of faith and social goodwill are educated and actively applying their essential abilities to help address and prevent homelessness in Pierce County, through engagement with social service agencies and other innovative programs.

# Purpose Statement

Associated Ministries convenes these meetings in partnership with other homeless and housing service providers working in Pierce County, with the goal of creating an energizing space to gather regularly to learn about, discuss and take action on the crisis of homelessness in our community.

# What Will We Achieve?

1. Bring like-minded people together!
2. Inform and educate attendees about homelessness in our community
3. Seek understanding of effective interventions
4. Discuss potential projects and solutions to positively impact homelessness

# QUESTIONS?

# SAFE PARKING PROGRAM

New Hope Resource Center  
Executive Director Paula Anderson

# Safe Parking-What is it?

- The Safe Parking Program was created to provide individuals and families living in their vehicles a place to park that is safe and secure.
- It is one of the strategies to help end homelessness in Pierce County as described in the plan created by the Tacoma Pierce County Coalition to End Homelessness that was approved by the Pierce County Council.

## Where is Safe Parking located?

**Typically, Safe Parking is located in church parking lots, although the recent PC draft Safe Parking ordinance is allowing 4 civic sites to participate.**

**Currently, we have 5 sites in operation; 1 in Gig Harbor, 2 in SE Tacoma, 1 on South Hill-Puyallup area and 1 in Spanaway. Most are located in unincorporated Pierce County areas. Combined, this gives us 34 Safe Parking “stalls”.**

## Why is Safe Parking needed?

Homelessness in our County is continuing to grow.

From increased rent and cost of living for families already living paycheck to paycheck, to fixed incomes that do not meet even half of monthly costs for seniors and the disabled, many in our community find themselves going homeless in record amounts.

We need many different solutions, and for those who are fortunate enough to have a vehicle, Safe Parking can temporarily meet their immediate needs for safe, secure parking, with the added bonus of on-going resources and compassion.

Safe Parking is considered Emergency Shelter

# How does Safe Parking Work?

- **New Hope Resource Center provides:**
- Referral line for clients to call to start the process
- Screening of all potential clients, including background check
- Porta-potties (with regular weekly maintenance) hand-washing stations and garbage pick up.
- Light case management and resources
- Client guidelines/behavior expectations
- Rent of allotted spaces at a monthly rate
- Entry of clients into HMIS and CE
- Referrals to other services
- Memorandum of Understanding
- Assistance with meeting the requirements of PC Safe Parking Ordinance

- **What Hosting Sites provide (basics):**
- 3-15 parking stalls available for overnight use by clients
- Space for porta-potty and hand-washing station
- Site Coordinator(s)- greet new clients and provide a contact person for program
- Site information such as open hours, location of stores, gas stations close-by and any do's and don'ts specific to the site and surrounding area
- **Additional things that can be provided by Hosting sites:\***
- \*Gas cards \*cook tent with microwave, picnic bench and mini-fridge \* food \*clothing \* dog/cat food \*water \*bus tickets \*vehicle maintenance \* friendship \*compassion

# What does Safe Parking Look Like?

# What does Safe Parking Look Like?

# What does Safe Parking Look Like?

# Safe Parking is:

- Easily set up
- Co-managed between the Management Organization and the Hosting Site
- Flexible to meet the needs of the clients AND the Hosting Site
- Helps mitigate the growing numbers of homeless parking on the street and in unauthorized areas
- Is effective in moving people forward
- Gives churches and other entities a chance to build relationships and help people in need
- Is changing people's lives!

# How you can help!

- Get your church or business involved in Safe Parking by becoming a Hosting Site for safe parkers. WE NEED MORE SAFE PARKING LOCATIONS AS OUR CURRENT SITES ARE OFTEN FULL.
- Purchase gas cards and donate them to the Safe Parking program.
- Provide vehicle maintenance and repair for those who need it, especially our elderly and disabled clients
- If your church cannot provide space, offer volunteers and/or donations to help the churches that are currently providing safe parking.

**This is a powerful way to  
get involved with a proven  
strategy to help those  
experiencing  
homelessness**
