FLORIDA

Training to create a world where no one
dies from cardiac arrest

The Florida Resuscitation Academy offers training to help organizations improve survivability of patients suffering from cardiac arrest focusing on a team based approach to care.

The course includes:

- High-Performance CPR (HP-CPR)
- Telecommunicator CPR (T-CPR)
- Post-Resuscitation Care
- Quality Improvement and Post-Event Review
- Data Collection and the CARES Registry

Register with FRE2023 under one of the following and select Resuscitation Academy when selecting Hands-on Training

- Full Registration
- 2 Day Registration
- 1 Day Registration
- Hands-on Training Only
