

UNTOLD STORIES OF THE ER

**DOCTORS! NURSES! EMTS! WE'RE BACK FOR A
13TH SEASON ON THE TLC CHANNEL, AND
WE WANT TO HEAR *MORE* OF YOUR STORIES!**

“Untold Stories of the ER” is back for its 13th season and even after over 100 episodes, we’ve not heard everything yet. We want to know the fascinating, life-changing stories from *your* ER experiences. And we want *you* to appear on the show telling those stories.

The best stories recount surprising medical or personal challenges, deal with ethical or moral issues, involve new or unusual procedures, and inspire and entertain us with insight and humor. We are open to a wide range of ER events; from the life-threatening to the light-hearted, from the mysterious to the bizarre.

If your story is chosen, you’ll first be interviewed on Skype, and from that interview we’ll create a script and hire the actors who will surround you. Then, sometime between May 27 to July 12, 2019, based on your personal schedule, you’ll be flown to Vancouver, Canada for the taping of your story.

Please email a short description of each story you’d like to share to: **ahassett@untoldER.com** We will telephone you, so please include a contact phone number.

We want to hear *your* story!
