The School & Family Association is looking for new Board members. Could this be a good fit for you?

Every parent with a student at Our Lady Queen of Peace School is a member of the School & Family Association. The Mission of the S&FA is to:

- Support and strengthen the efforts of Catholic education as a part of the teaching mission of the Church;
- Give parental assistance to the administrator(s), faculty and staff in carrying out activities of the school;
- Provide enrichment opportunities as well as supplemental resources to students, school families, faculty and staff; and
- Manage and coordinate fundraising programs.

The activities of the S&FA are managed by the Board. The Board meets the second Thursday of every month during the school year and each member serves a 3-year term.

Being a Board member is a great way to become familiarized with school activities, staff and the needs of the school. Board members can get involved in school fundraising activities, social events or school enrichment activities – whatever appeals to you. Most importantly, Board members work with the school to fund essential projects to enrich the learning environment for our children. For example, over the past few years the S&FA has funded:

- The Young Americans artist-in-residence program;
- New desks for all primary classrooms;
- New whiteboards for the entire school;
- New lights, electronic control board and sound system and infrastructure improvements for the auditorium;
- Field trips throughout the city for all grade levels; and
- New playground equipment.

Contact Tracy Wrycha (tswrycha48@gmail.com or 608-358-7458) or any current Board member with questions. If interested, please complete and submit a **Board Volunteer Form** no later than **APRIL 1**.
