There has been a total of 85 events of access to M/I since the contract was initiated (early 2018).

Dan DeBrucker was also given access as a seminary student.

Some churches I do not know the reasons for their accessing the resource, nor am I aware of what they have down-loaded.

Every pastor, interim and designated pastor, for whom I had an address, was sent a letter explaining how to get on to the site, the value of such actions and also my e-mail and phone number with an invitation to call me if/when they needed assistance. They were also given suggestions on how to use the materials.

Respectfully submitted,
 Rev. N. Scott Cupp
 MissionInsite Administrator for Cayuga-Syracuse
