

What is Jackbox?

Jackbox is a variety of different games that might ask you to draw weird doodles, write the best inside joke, or answer hilarious trivia questions. There is definitely a game for you, so you should totally give it a try. Also, it is a chance to connect with your other Temple friends during this weird time. Every Wednesday at 8:30 p.m, 9th-12th graders will be able to participate in playing these games with their temple friends. If you have any questions or technical difficulties, feel free to email maxdeneroff@gmail.com.

How do I play this super duper cool game?

Well, lucky you asked. All you need is 2 devices able to connect to the internet, most likely 1 phone and 1 computer/laptop, and a discord account (don't worry it's free!)

How do I get discord?

Wow, you're lucky today. All you need is to follow along with these steps.

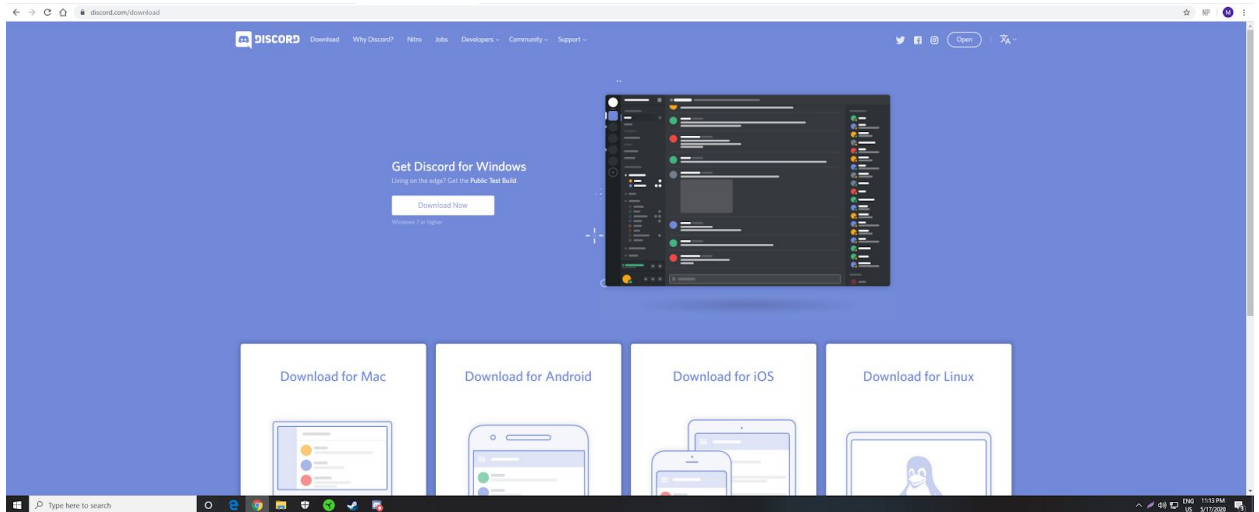

1. Open a browser of your choice.

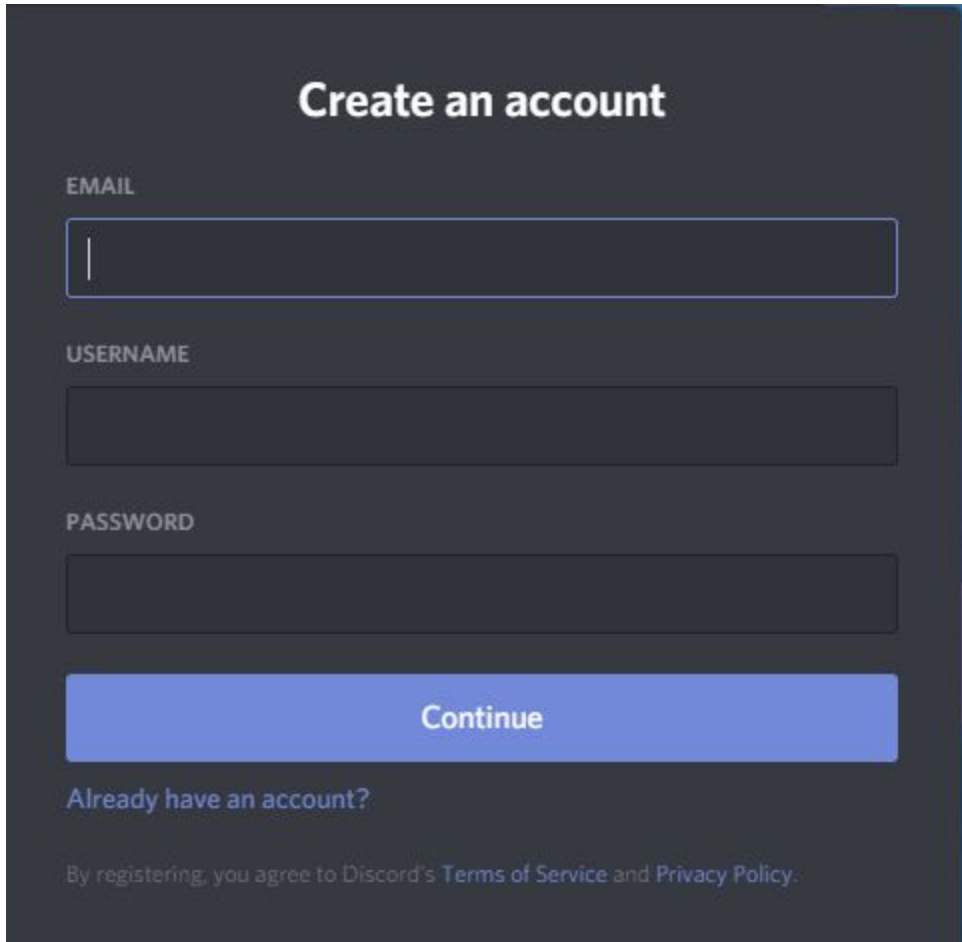

2. Search "discord.com/downloads" in the search bar

3. Once you are there, if you have a Windows PC, hit download for Windows. If you have a Mac, scroll down and the download will be right underneath.

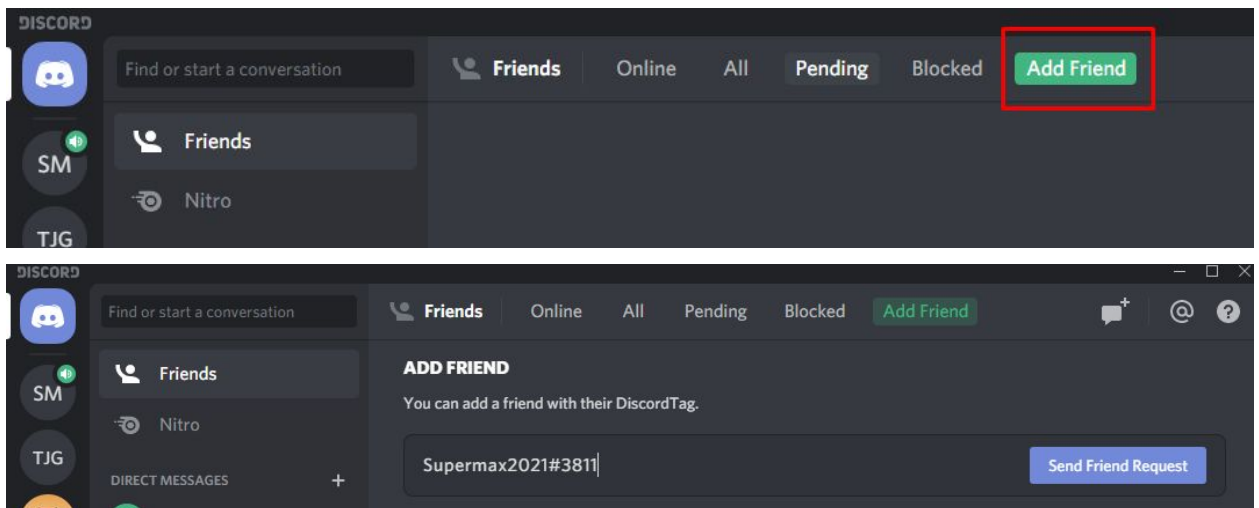

4. Open discord and create an account

The screenshot shows the Discord account creation interface. At the top, it says "Create an account". Below this are three input fields: "EMAIL", "USERNAME", and "PASSWORD". A blue "Continue" button is positioned below the password field. At the bottom, there is a link for "Already have an account?" and a note: "By registering, you agree to Discord's Terms of Service and Privacy Policy."

5. Click on "Add Friend" and type in "Supermax2021#3811"

6. Once the friend request is sent, you will be added back and be invited to join the Temple Solel Jackbox Games Server, where every Wednesday night at 8:30 p.m, teens will gather to play some Jackbox Games.
