

**Lake Park High School  
Summer Boot Camp Classes 2017**

**Title:** AP English Orientation

**Cost:** \$27

The purpose of the AP English Orientation is for Advanced Placement students to become familiar with reading, writing, and analytical thinking skills expected in an AP English class. AP English Language and Composition (junior year) and AP English Literature and Composition (senior year) will initially meet in a large group and then break into workshops led by AP English teachers from Lake Park. Students will become familiar with the respective AP Language and Literature tests. Teachers will outline and model expectations for summer reading assignments. This course is open to incoming juniors enrolled in AP Language and Comp (juniors) and AP Literature and Comp (seniors) students.

**Title:** AP Human Geography

**Cost:** \$42

AP Human Geography is a class that is taught on the college level. The textbook is written on a "college sophomore" level and it is assumed that students have quite a bit of background knowledge entering the class. Comprehension of Geography "Themes" is the approach of the course as students learn the Basics of Geography, Population Issues, Cultural Issues (Language, Religion, & Race), Political Issues, Agriculture and Industrial Development, Urban Growth and Environmental Concerns. These topics are woven together as the class examines how one impacts the other. This boot camp will emphasize these units while students gain valuable study skills to aide their academic success.
