Unlocking the Heart of Adoption

Please join us for a screening of the documentary *Unlocking the Heart of Adoption* followed by a discussion facilitated by adoption-informed therapists Angela Gee and Lesli Johnson.

Unlocking the Heart of Adoption bridges the gap between birth and adoptive families through diverse personal stories of adoptees, birth parents and adoptive parents in same race and transracial adoptions, interwoven with filmmaker Sheila Ganz's story as a birthmother to reveal the enormous complexities in their lives with fascinating historical background.

AdoptCONNECT is a free group for all adult members of the adoption and foster care community: adult adoptees, birth/first parents, adoptive parents, waiting parents, former foster youth, foster parents and legal guardians.
