

**Poster Session A – Wednesday, November 6<sup>th</sup>, 6:30-7:30pm**

**Tara Driskill** – Selective Serotonin Reuptake Inhibitors Do Not Alter HD-tDCS Effects on Episodic Memory in Cognitively Impaired Older Adults – Poster **#10**

**Hudaisa Fatima** – A Proof-of-Concept for the Construct Validity of Cognitive Dispersion: Longitudinal Relationship between Cognitive Dispersion and Preclinical Alzheimer's Cognitive Composite Scores – Poster **#16**

**Logan Shurtz** – Association of the Grit Scale with Cognitive/Emotional Symptom Endorsement in Older Former College Athletes – Poster **#92**

**Nineynth Iyengar** – Neuropsychological Functioning in those with Chronic Traumatic Encephalopathy – Poster **#111**

**Carly Berger** – Exploring the relationship between the NIH Toolbox-Cognition Battery (NIHTB-CB) and the Alzheimer's Disease Cooperative Study-Preclinical Alzheimer Composite (ADS-PACC) – Poster **#125**

**Alyssa Kaser** – Informant Characteristics Impact Clinical Dementia Rating Scale Sum of Boxes in Mild Cognitive Impairment – Poster **#128**

**Poster Session B – Thursday, November 7<sup>th</sup>, 6:30-7:30pm**

**Diamond Lee** – Exploring the Relationship between Traumatic Brain Injury History and Cognitive Impairment in a Diverse Community-Based Sample – Poster **#26**

**Ashna Adhikari** – Investigating High-Definition Transcranial Direct Current Stimulation for Remediating Word Finding Difficulty in Civilians with a History of Chronic Traumatic Brain Injury: a Pilot Study – Poster **#36**

**Stephen Bunt** – Concussion Symptom Differences by Race/Ethnicity, Sex, and Age in Elementary-Age Children – Poster **#56**

**Mara Getz** – Cogniphobia and Psychological Factors in Episodic Migraine: A Correlational Analysis – Poster **#95**

**Oscar Kronenberger** – Assessing the Neuropsychology Information Base of Large Language Models – Poster **#113** **AND** Evaluation of the Montreal Cognitive Assessment Memory Index Score for Predicting Amnesic Mild Cognitive Impairment to Alzheimer's Clinical Syndrome Progression – Poster **#114**

**Paper Sessions**

**Paper Session 21 – Friday, 11/8 12:30-1:30 PM**

Traumatic Brain Injury and Risk of Incident Dementia: Forensic Applications of Current Research

*Matthew Clem, Christian LoBue, Jeff Schaffert, Munro Cullum*

Access to Care Among Hispanic/Latin American Patients in Neuropsychology: Addressing Potential Barriers to Appointment Adherence

*Alejandro E. Perez Marcano, Leslie D. Rosenstein, Alessandra M. Stagni, Alex N. Woolsey, Emmanuel Rosario Nieves*
