

Presented by UTSW and
Center for Depression Research

TREATMENT RESISTANT DEPRESSION

This activity has been approved for AMA PRA Category 1 Credits™

Thursday, February 2, 2023 5:30 PM
Moncrief Cancer Institute
400 W Magnolia Ave - Fort Worth, TX

Presented by **Dr. Madhukar Trivedi**

Professor in the Department of Psychiatry at UT Southwestern Medical Center where he holds the Betty Jo Hay Distinguished Chair in Mental Health and the Julie K. Hersh Chair for Depression Research and Clinical Care.

He serves as Chief of the Division of Mood Disorders and the founding Director of the Center for Depression Research and Clinical Care.

This 1-hour, in-depth course is designated for general practitioners, psychiatrists, and mental health professionals.

This presentation will pose questions raised by the treatment resistant depression (TRD) heuristic for biomarker research, and engage the audience in addressing the questions of whether biomarker discovery has advanced far enough to be able to prospectively identify TRD, assist with treatment matching and assess risk.
