

Learning Objectives

Upon completion of this activity, you will be able to:

1. Identify the difference between age-related changes in cognition and changes that signal the presence of a medically relevant decline in cognition.
2. Describe the use of the AAN Practice Parameter to screen for non-degenerative medical conditions that may mimic degenerative dementia.
3. Recognize the top CMS healthcare deficiencies in KY Certified Nursing Facilities.

Learning Outcome:

Explain the KY OIG regulations including Medical Director Responsibilities for ensuring the current standards of care provided in the facility meet changes in regulations and guidelines consistent with the 3 phases of CMS implementation.

Target Audience

ALL Certified Nursing Facilities personnel in Kentucky.

Archived, accredited dementia modules are available at www.cecentral.com/dementia

MARK YOUR CALENDARS FOR THE NEXT PROGRAM!

"Specific Types of Dementia and Issues that may be Disease-Specific"

June 4, 2019 at 3:00 - 4:30pm eastern / 2:00 - 3:30pm central
