FRIARS! The Summer P.I.V.O.T. Program will make you career-ready, increase your professional skills, build your network and enhance your LinkedIn profile/resume during this unprecedented time. Work with a Career Coach to create an individualized summer plan that fits YOUR needs and career goals by choosing the right opportunities to keep you on track.

START with a virtual appointment with a Career Coach. Discuss (or create) your personal career goals to develop a P.I.V.O.T. Plan that includes participation in the experiences that YOU need to keep moving forward!

CONTINUE meeting with your Career Coach periodically to stay on track and accomplish your goals. You and your coach will decide on the frequency that works best for you and your learning/work style.

FINISH with a professional network, skills employers value, and a LinkedIn profile/resume that shows how you used the summer (during a pandemic) to increase your employability!
