

## **Adopt A Family Program Needs Donors**

EBCAP hopes to provide holiday gifts to more than 150 families throughout the East Bay region. Donors are needed to “adopt” East Bay area families for this year’s program.

For many of our EBCAP clients, a festive holiday celebration is a dream. As they struggle to make ends meet for life’s basic necessities, holiday gifts for their children and a special meal are simply out of their means. You can help make the holidays so much brighter for a family!

**Donors to the program receive a wish list and ages of the children in the family that they’re adopting for the holiday. Then they shop for the gifts and deliver them on a set day to a centralized location. Staff members from the Office of Volunteer Services distribute the gifts to the families.**

**Participating in the Adopt-A-Family holiday program is easy. Call 401-435-7876 today for more information on how you can help a family this holiday season.**

**Thank you!**
