

2019 Skiing & Boarding

BEHAVIOR POLICY/CHECKLIST FOR ICS

Responsibility Code and Safety Tips: If you need help, have a problem, feel sick or cold, **go see Candice Boyd 425-829-8563**

1. When walking in a crowd, carry your equipment in front of you. Watch out for people who carry their equipment over their shoulders. If they suddenly turn around, they could hit you.
2. Tuck in loose clothing. It could get tangled in the tow and/or chairlift.
3. Ski/board under control and only on patrolled runs within your ability. Stick with a friend or someone in your class. Keep off closed runs and obey all posted regulations.
4. When coming to a stop, go to the side of a trail. Stand where you can easily be seen from above. Do not stand below jumps or big bumps. Check up hill before starting.
5. When skiing/boarding down hill, the person furthest down the slope has the right-of-way.
6. Always keep to the side of the trail or slope when walking up or down the hill.

Behavior Policies: Students are to conduct themselves in a safe and pleasant manner from the time they arrive at the bus loading area until they leave at the end of the day. All rules and policies apply during these times. Willful violation of the rules, such as the behavior listed below, will result in expulsion from the program without refund for a day or possibly the season, depending upon the severity of the infraction.

1. Willfully disobedient or verbally abusive of our program personnel.
2. Vulgarity, profanity, gambling, fighting, spitting, or damaging things.
3. Leaving the ski area or returning home in non-approved transportation.
4. Being on the buses at times other than lunch time or boarding time.
5. Lying or encouraging others to violate our school rules or policies.
6. Throwing food, clothing, or other items on the bus.
7. Possession or use of tobacco, alcohol, controlled substances, or dangerous weapons results in an automatic expulsion for the season with no refund.

Bus Policies: Students are to go and return on the same bus unless they are moved by a chaperone. Students are to remain seated, in a seat while the bus is moving. Do not sit in the driver's seat or operate any of the controls. **The last two students to load the bus on the return trip will help supervise cleaning up the litter.** This encourages students to load on time.

1. The buses load for the return trip at 7 p.m. Any student arriving back to the buses later than 7:15 p.m. is considered late because they are holding up all the students and the parents waiting in town.
2. The buses arrive back at approximately 8:30 p.m. Parents are to meet the buses as soon as they return. There will be no parking lot supervision after the buses arrive. If supervisors must wait later than 15 minutes after the last bus returns for a student to be picked up, the student's parents are to pay a late fee of \$10.00. This is going to The Boys and Girls Club.

Lost and Found: To avoid lost or stolen equipment use the "Ski/Board Check" which is a check-in/out place near the Main Lodge. Skis/Boards may be left safely with an attendant all day, for a small fee. **Also put your name, and phone number on all equipment. Do not leave something you will need on the bus. The buses are closed until 7 p.m. Items found on the bus will be taken by Candice Boyd**

Accidents: If you see an accident, tell a Patrol or an instructor. If you don't see a patrolman or instructor, go to the bottom of any chairlift and tell the lift operator. They will phone the Patrol. Those injured are taken to the First-Aid Building where care is provided. Usually there is a full-time medical doctor during the weekend. Depending upon the injury, one of the following procedures may occur to the injured party: (1) They are treated and released to return home on the bus or (2) They are taken to Overlake Hospital for further evaluations. If possible, the parents will be notified of the injury so they will be prepared to give care.

Postponements & Refunds: If the program is postponed for a day(s), the program is automatically extended until completed. Refunds are made only if the total program is canceled for the season.
