

NASF Palmetto Southeast Chapter Spring Technical Summit & Golf Outing:

The NASF Palmetto Southeast Chapter is thrilled to invite you to the 2024 Spring Technical Summit. This event brings together leading surface finishing experts and professionals from all over the manufacturing industry to share their knowledge, educate attendees, and answer those hard-to-ask questions.

Our Technical Panel of Surface Finishing Chemistry, Process, Quality, and Wastewater Treatment Experts will be on hand to share their expertise and offer valuable insights. In addition, we are honored to have Ethan Ware as our keynote speaker for the QA session on the EPA PFAS Survey. We are also excited to welcome Sarah Cover from SheBuiltThisCity.org as our special guest. Sarah will share with us the programs available to promote the training and hiring of women and youth in an otherwise male-dominated industry.

This summit is a fantastic opportunity to learn from and network with the best in the business. We hope you will join us for this exciting event and take advantage of the knowledge and expertise that will be shared. Register now to secure your spot at the 2024 Spring Technical Summit.
