Contact us for a QUOTE

ACTIVE & DYNAMIC classrooms encourage brain power & effective learning. At WittFitt, we strive to provide schools with the best active options from stability balls & rocking stools to standing work spaces.

There are many companies who simply sell stability balls or standing desks, but WittFitt is passionate about providing more than just a chair or desk. We team with teachers to secure funding, plan & design the ideal setting for their learners & provide the best educational materials, created by teachers, to ensure safety & effectiveness in the classroom.

At WittFitt, we only specialize in a small selection of products so we can maintain a high level of expertise.

WittFitt™

Learning in Motion

Since 2004, WittFitt has been the leader in the promotion and integration of movement into the classroom. We are proud to have clients in ALL 50 US states, Canada & Puerto Rico. WittFitt outfits preschools and elementary classrooms, as well as middle/high schools and offices.
