CX-DA800/810 Series
Battery Powered Door Alarms

UL10B/UL10C
ULC-S104,
Miscellaneous Fire
Door Accessory

MORE FEATURES

BEST VALUE

Camden CX-DA800 Series Exit Alarms provide an instant audible and visual alarm indication of unauthorized exit or entry of mechanically secured doors.

Camden CX-DA810 Series Door Prop Alarms provide an audible and visual alarm indication of mechanically secured doors being held open for more than a specified time.

The alarms are offered in a choice of grey or black, in either indoor or weatherized outdoor models. A mortise cylinder with two keys is included. These alarms are compatible with the widest range of industry-standard cylinders, ensuring maximum flexibility and integration with existing masterkey systems.

Features

- **CX-DA800 Series Exit Alarms:** Alarm will sound immediately upon door opening. Automatic silence after 2 minutes or manually with key
- **CX-DA810 Series Door Prop Alarms:** Alarm will sound when door is propped open for a selected time. When 'Door Chime Mode' is activated, door alarm will immediately chirp 4 times when door is opened.
- Arming Modes:
  Standard Armed (default) - Key can be removed in armed or disarmed position.
  Always Armed - Key can only be removed in armed position.
- Enhanced security features, including immediate triggering with LED and buzzer sounds
- Loud 105 dB alarm
- 9 VDC battery operation with low-battery alert
- Compact and attractive alarm with no external wiring required
- Mounts on door or frame - magnetic door contact included
- Easy installation on either in-swinging or out-swinging door
- Weatherized models designed for outdoor applications
- Accommodates a wide range of mortise cylinders and cams
- Mortise cylinder included (Keyed alike or keyed different) 1-1/8", solid brass, aluminum or black finish
- Cylinder installation tool included
- UL listed
