Changes to the 2021 League Schedule

Without a 2021 Early Start League Last Fall, all Advancing League Play has been altered to fit in the calendar year. As a result, 2021 league schedules may be updated to reflect modified dates, playing formats, and other sectional changes as they occur.

Schedule updates will be captured, as they occur, on the nazusta.com website.

Please subscribe to the website for notifications as updates happen.

Self-Rated/Computer Rated Appealed Players

With new and returning players joining our leagues, all players should understand the SW Regulations around advancing league eligibility.

All Self-Rated and Valid Computer Rated Appealed Players must play in 4 matches on the same team, at the same level, with no defaults counting, to be eligible to advance to any Section Championships.

This regulation applies from season to season until the player is no longer considered self-rated or appealed.

Captain's Questions? Player Feedback? All valuable and important!!
