

Hello, Bearcat Community! Below is a short summary of the work your School Advisory Council has been doing since the summer.

- Brian Jacot and Tracey Roden have been working with the Technology Department to get the internet infrastructure upgraded so our virtual learners have uninterrupted access to the classrooms. They have also been working on ensuring the teachers have all the technology they need in their classrooms (functioning SMARTboards, iPads, laptops, etc.)
- Mandy Briones, Tracey Roden, Melinda Harnett, and Mike DePompei have been working on “lifelong learning” programs, bringing high school math techniques down to middle school, helping execute differentiated learning in English/Language Arts classes, and maintaining a strong *Teacher of the Month* program
- Brian Jacot and Shannon Wishin have been working with Father Guadagnoli and Mrs. Trudell on strengthening our Catholic Identity in the classroom
- Shannon Wishin and Claire Webb have been working with other community members on building out an Alumni Relations program
- Laura Banse has been working with school administration on handbook and policy updates

If you have any comments, questions, or concerns, please reach out to us. We look forward to a great year – Go Bearcats!

Claire Webb – 2020-21 SAC President
