

Dear Families,

Two companies become one to serve everyone better.

FACTS/RenWeb has also made an extensive update to ParentsWeb! Parents can now access ParentsWeb features and functions from a desktop, laptop, tablet or smartphone without having to purchase the app. Simply [click here](#) to access the login page.

Also over the coming months, you'll will see the RenWeb name change to FACTS. By the end of 2019, the RenWeb name will be completely phased out. During the integration, you'll continue logging in to your accounts as you always have. If you have those pages bookmarked, the site will redirect you for a while. You can continue to check your student's grades and communicate with us. You'll also still receive important information from us.
