

As we look to Admissions and Re-Enrollment season, we all are reminded of the important choice we have made for our children to attend SMS, but also for us, as parents, to join this incredible community. As representatives of current parents, SAC members continue to work with school administration to ensure that SMS is a safe, academically strong, Catholic environment where our children can grow and learn to be the best version of themselves. We are so grateful for the experience, knowledge, and passion for our teachers, staff, and administrators bring to our school. We look forward to the 2021-22 school year, and the growth and development it will bring for our children. If you have any concerns regarding next year or would like to share a comment, please reach out to any of the Council members. We welcome your feedback!
