## **Give your child an edge in lifelong writing skills:**

Children in grades 3+ are guided through the exciting process of bringing their "Imagination to Publication" through brainstorming, drafting, revising, editing, and adding illustrations. They learn how to use interesting text features, consistent verb tense, word variation, written dialog, effective pictures, copyright rules, and more. Books are professionally published in hardcover, and children may celebrate their accomplishment with family and friends at the Author Signing Party. Copies may be ordered as keepsakes and gifts, and your school library will add each child's book to its collection for checkout! Camp meets Mondays and Wednesdays, 2/28-4/13, plus Author Signing Party. \$329 tuition includes hardcover book. 10% off tuition through 2/26 (SMS10).
