

Making History in Godlewski Gymnasium

On Thursday, January 19th, Trinity hosted its very first female wrestling meet welcoming Lutheran West and Brush High School.

Girls from Brush and Lutheran West wrestled first followed by a match between Lutheran West and Brush and then Trinity took on Lutheran West, ending with Trinity taking on Brush.

Izzy Iacano is Trinity's sole female wrestler this year and went 1 and 1 beating her opponent from Brush with a pin.

It was also senior night for our wrestlers, so Ladon Turner received special recognition along with his parents and more than a dozen of Trinity's wrestling alumni also turned out to cheer on their fellow Trojans.

More photos of our alumni on page 3...

IMPORTANT REMINDERS:

- Friday, January 20, Senior Night for Bowlers at Basketball
- Monday, January 23, Student Dismissal 12:30pm
- Tuesday, January 24, Girls Varsity/Boys Varsity Doubleheader

Getting
to
Know;

**Mr. Scott
Hayes**

After 20+ years here at Trinity it still feels like home. As head of the science department and chair of the Medical Internship Track, I have the privilege of watching the students apply their knowledge in real world opportunities. Science reinforces wonder in students and allows them to understand the world around them. Science is fun-periodically! Lol!

The Medical Internship Track allows students to not only explore a career in the field of medicine or sciences, but it also gives them insight into caring for people. Over the years students have gone on to be doctors, veterinarians, nurses, scientist, etc. and this is extremely fulfilling.

Obviously, I am a teacher, but I am also a husband and the father of two THS graduates, one a pediatric nurse at Rainbows Babies and Children's Hospital in the Emergency Department (CSU graduate) and one in advertising planning to go back to grad school for her master's in social work (Oberlin graduate). My wife and daughters continue to support and volunteer at THS because it means a great deal to us. I wish that when I wasn't working, I was just lying in my lounge chair watching tv... 'A body at rest wants to stay at rest' (Newton's first law) But life keeps me too busy and I wouldn't have it any other way!

Winter Sports Heading into their Final Month of Play**Boys Basketball**

JV and Varsity boys both took a hard loss to Lutheran West Tuesday night. JV fell 66-49 but never stopped fighting for the win tightening the gap to 6 before falling short.

Varsity boys had the lead against Lutheran West throughout most of the game but fell just short in the final minute with a final score of 56-53. Dom Locklear and Quincy Haynes both had four 3's a piece to give Trinity 24 of their points.

**Wrestling**

Brian Eddy went 2-0 Thursday night, Mario Muniz went 1-1, Izzy Iacano also went 1-1 and Hassaun Shibley had 1 forfeit and a win.

**Girls Basketball**

Varsity girls beat Cleveland Central Catholic on Monday, January 16th 41-39 with De'Oshania Bennett being named MVP of the game for her stellar defense and the 10 points she put up.

Bowling

Bowlers fell short of a win this past Saturday but Malissa Aaron did have her best games. Her previous high game was 120 and she beat that with a 137 and 135 and was also the best bowler in the Baker games.

One more week of regular season this Saturday against Central Catholic at Parma Rollhouse.

And tonight during half time of the boys Varsity basketball game, four senior bowlers will be recognized. Come cheer on your Trojans and give the bowlers your support.

Term Two Now Underway

Renewing Important Community Relationships

Trinity High School's Pre-Professional Internship Program is so glad to be back at The Cleveland Museum of Natural History to continue our long-standing relationship with this world-renowned organization.

Seniors Mitchell Jones and Kai'Lyn Thompson interviewed and were selected by the Paleontology/Physical Collections Department. They are processing bones for displays. They report that last week, they were stringing primate vertebrae together.

'20 Graduate Isaiah Johnson Still Stays Connected

You never know who you're going to see when you visit our interns in the field. Marla Daugherty, Trinity Internship Site Liaison, was at Broadway Animal Clinic recently visiting our intern Kaylen Dawson and was delighted to see Trinity alum Isaiah Johnson, class of 2020.

Isaiah was hired at Broadway Animal Clinic after his Trinity internship there his senior year. Isaiah works at the clinic as much as his busy schedule allows. He is a sophomore at Kent State University studying Zoology and is also in the Ohio Army National Guard.

Academic Challenge Prepares for Competition

Mr. Marszal continues to drill the Academic Challenge team as they prepare for an upcoming competition.

Faculty/Staff and Alumni News

Senior Nights Bring out Alum

At least a dozen of our wrestling alumni turned out Thursday, January 19th as our wrestlers took on Lutheran West and Brush High Schools making history by hosting our first ever girls match in Godlewski gymnasium.

After the match several former Trinity graduates signed the alumni wall. They represented several years including Antonio Zindroski who coached from '18-'21.

Our Alumni Wall Continues to Fill Up

Ms. Gagne Creates a Reading Nook for her Students

Ms. Gagne spent her long weekend over MLK day here at school painting her room and creating this amazing library/reading nook space.

This is just another example of how Trinity teachers go above and beyond for their students.
