Presentation Objectives

**At the end of this activity attendees will be able to:**

- Articulate the role and responsibility of the Hospice Physician in accordance with the Centers for Medicare and Medicaid (CMS)
- Understand the documentation requirements for determining terminality and appropriateness for care at time of admission and ongoing.
- Discuss the use of Functional Assessment tools and Local Coverage Determination in supporting the terminal prognosis.
- Discuss prescribing and managing medications most effective in controlling pain and adverse symptom in hospice patients.
- Prescribe hospice care for their patients who qualify without fear of state or federal scrutiny.
