DOWNTOWN WORCESTER BUSINESS IMPROVEMENT DISTRICT

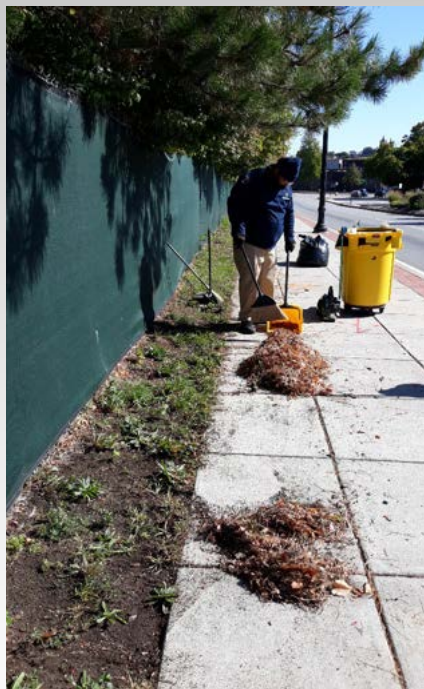

CLEAN, SAFE AND FRIENDLY REPORT | OCTOBER 2020

OPERATIONS

From falling leaves to falling snow, we had quite the October! Our Ambassadors have been busy preparing the district for the upcoming winter months, while still focusing on regular Covid-19 wipe downs, graffiti removal and trash removal.

A clean and safe district is our number one priority! The Ambassadors follow a rigorous routine for the daily cleaning and disinfecting of high-touch surfaces to ensure the health and well-being of the community.

Our Ambassadors have been busy raking and blowing fallen leaves from curb lines and sidewalks in the district. They always take care to properly dispose of leaves to ensure that the streets stay safe and clean.

Winter weather paid us a surprise visit at the end of the month, but we were ready! Our Ambassadors are snow removal pros. They clear cross walks and also provide supplemental support to property and business owners by using shovels, snowblowers and ice melt to help keep the sidewalks safe for pedestrians.
