**SAFETY  
FIRST**

## Goals for this meeting

The Rhodes School for Performing Arts is committed to providing as safe and secure a learning environment as possible for our students and staff. The district complies with all Department of Education regulations and state law regarding security measures. Emergency planning is reviewed annually by our safety team. All state mandated drills are conducted and training provided to staff and students in current best practice for security actions.

# School Safety Audit

Our campus had a safety audit on December 9, 2022. The findings from that visit resulted in corrective action of holding staff safety trainings based on entering our campus without being buzzed in and a broken door latch which has now been fixed.
