related tattoos

Welcome to the TAF family Ben & Joe!

"I was good friends with Anthony Raspa who introduced me to The Aubrey Foundation after Aubrey passed. Since then, I've attended every single Cigar Night and love what this non profit is all about. 2020 made me realize that there's more to life than work. I've been wanting to get involved in a volunteer organization for years, but never took the leap. This year, I decided to respond to a general inquiry email from TAF and get more involved ... because ... why not? And if not NOW, then WHEN? I know it would mean a lot to Anthony to know that I'm here, doing what he would do...helping others, #LivingLikeAubrey. "
