We're so glad you're part of our TAF family!

"I find the work we do at TAF incredibly meaningful - to continue Aubrey's legacy and keep her spirit alive through volunteerism & service means so much to me and my family. I've been part of TAF since the very beginning and am so proud of how we've grown and all that we've accomplished as a growing team. I look forward to getting back to in person meetings and events soon & being able to say that our TAF family weathered the covid storm together!" #LivingLikeAubrey

"I found out about The Aubrey Foundation at a general interest meeting at Linwood when the organization was just getting started & I've been on the board ever since. I started as a 5K committee member and continue to become more involved each year - now leading Philanthropy as an Executive Board Member.

Even though life is busy and hectic at times, TAF is the wonderful reminder for me and important lesson for my girls that volunteering, giving back to our community, and #LivingLikeAubrey must always be a cornerstone in our lives."
