Fun Fact: Megan is a lefty!

We're so glad you're part of our TAF family!

Some additional comments from Derek: My wife suggested I join the board a few years ago to help with the creation of flyers & signs for the 5K. I've been an active board member ever since. You may have seen me riding my bike on race day, keeping the course safe for our participants. My favorite way to [#LiveLikeAubrey](#) is to participate in the Scholarship Committee to help support North Brunswick High School Seniors. It's a special way to stay connected to the same body of students Aubrey touched.

Some additional comments from Megan: I am lifelong friends with some of the TAF board members and when I learned about the work they do through this foundation I wanted to join; TAF's mission is totally aligned with my interests. I love the TAF family we've created and am proud of what we've accomplished, together. I continue to come back year after year, honestly, because of the people - my fellow board members. [#LivingLikeAubrey](#), to me, means fostering relationships and loving the people I surround myself with.
