Some additional comments about Fran: Fran and her family have been involved with The Aubrey Foundation since the very first Purple for Pappas 5K - they loved the idea of running/walking as a family in honor of such a special person. After some years of participating in the 5K, Fran decided she wanted to get more involved as a race volunteer. She felt welcomed and connected to the TAF family during that experience & thought it was the perfect way to get involved and give back to her local community. Fran **#LivesLikeAubrey** every day in so many ways: through teaching young NBT students and treating everyone she encounters with such patience, kindness, and compassion.

Some additional comments about Nicole: Nicole is a "live life to the fullest" type of person. She never lets any grass grow under her feet. Nicole is very social and is always ready for an adventure whether it be a road trip, day trip, new restaurant, dinner with friends, or trying something new. Nicole and Aubrey were drawn to each other by their similar magnetic positive personalities and the two instantly became very close friends. Nicole has a **#LiveLikeAubrey** mindset - she finds the good in everyone and everything her life touches and she makes it her mission to always lift others up.
