Learn more about SWOAEYC

Southwest Ohio Association for the Education of Young Children (SWOAEYC) is a state-level affiliate of the National Association for the Education of Young Children (NAEYC) for Cincinnati, Columbus, Dayton, and sixteen surrounding counties. SWOAEYC promotes high-quality early learning for all children, birth through age 8, by connecting practice, policy, and research. We advance a diverse, dynamic early childhood profession and support all who care for, educate, and work on behalf of young children. We believe that all young children thrive and learn in a society dedicated to ensuring they reach their full potential.
