

Qualified Crane Test Preparation Training & Certification

May 20-23, 2019

8:00am – 5:00pm

At ABC in Broadview Heights, OH

Why Crane Testing: According to the OSHA *Final Rule*, effective February 7, 2019, employers **MUST** conduct an *evaluation* for each of their operators to ensure that he/she is qualified to use a crane. The assessment includes a demonstration of the knowledge and skills necessary to operate the equipment safely and the ability to avoid as well as recognize risks associated with the operation. It's the law.

ABC is pleased to announce week-long Crane and Rigger/Signal Person test preparation training sessions with written and performance exams that meet OSHA requirements. The program is based on the OSHA approved NCCER curricula and is delivered by NCCER certified instructors and performance test evaluators.

Tuition for this program: ABC Member or Student: \$2,050 each
Non-Member: \$2,550 each

Registration Deadline: May 15, 2019

Course Highlights: This 4-day course, held 8am-5pm, Mon-Thurs at ABC will consist of:
