“Exploring our Church’s Beginnings:  
A Seven Week Journey with Mathew”

Led by David Johnson

*The Gospel of Matthew presents the story of Christ’s life and teachings in a well-organized format, almost in the five-part structure of a Greek drama.*

*Each week we take seven small sections of the Gospel. Each section has professional commentary plus questions that lead us into the real impact of Christ’s life on our lives in the 21<sup>st</sup> century.*

*In addition, we will explore the history and sociology of Christ’s time and place.*

*With our participation and the help of a clearly presented handbook, we can find real pleasure and real knowledge in this clear, lively study.*

*All are welcome. Invite a friend.*
