

A Special Plea for Elves from the Auction Committee

We are looking to fill several important volunteer slots for the Service Auction. We need Kitchen Elves and Data Entry Elves.

KITCHEN ELVES: Help with the preparation of the meal, starting early in the afternoon on Auction Day. No particular culinary expertise is required, you just need to be able to follow the directions of our mercurial Chef Bill Childers.

DATA ENTRY ELVES: Help with entering auction sales during the auction, especially during the second half. Having a laptop with an Ethernet connection is a bonus, but not required.

These are critical volunteer slots without which the auction **CANNOT HAPPEN**. Please email us @ auction@uucuc.org, if you can help with these tasks.
