

ICS-400

Advanced Incident Command System for Command and General Staff, Complex Incidents and MACS

Dates:	November 19-20, 2019
Time:	0800-1700 Daily (Tue-Wed)
Place:	Guy Boyington Building 857 Commercial Street, Astoria, OR 97103
Maximum:	30 students (Registration Required)
Prerequisite:	ICS-300
Instructor:	Texas A&M Engineering Extension Service (TEEX)

DESCRIPTION

This course is intended to serve as a vehicle to share proven incident management strategies and practices as well as to enhance teamwork and coordination among all response agencies' officers directly responsible for emergency response to a WMD/terrorism incident or other "Incident of National Significance". The course is specifically intended for those emergency response personnel who have duties that require that they be directly involved in incident management or command at either a "field" Incident command post (ICP) or in a city, county, or regional emergency operations center (EOC).

TOPICS

- Incident Command System review for Command and General Staff
- Area Command
- Major and / or Complex Incidents/Event Management
- Multi-Agency Coordination

AUDIENCE

General staff, agency administrators, department heads, emergency managers, area commanders, Multi-Agency Coordination System/Emergency Operations Center managers from the following disciplines/services: Fire, EMS, HazMat, Law Enforcement, Public Health, Public Works, Emergency Management, Government Administration, Private Sector and Military, County, State and Federal Agency personnel who will respond with a local jurisdiction.

To Register: Tiffany Brown, Emergency Manager
503/338-3774 (Phone)
503/325-8325 (Fax)
