

## Emergency Management Job Openings

- [\*\*Emergency Preparedness Associate \(AmeriCorps\)\*\*](#), Mercy Corps. As a VISTA member at Mercy Corps you will help end poverty by building the capacity of low-income members of community organizations to prepare for emergencies. Major functions will include the design, implementation, monitoring, and evaluation of community preparedness outreach programs, as well as communicating preparedness messages, and assisting in the development of an economic recovery emergency response plan. VISTAs serve their communities through indirect service. **Accepting applications through 3/1/2019.**
- [\*\*Plans, Training & Exercise Manager\*\*](#), University of Washington. As the University's lead disaster planner, trainer and exercise subject matter expert, this position provides the leadership on technical and practical tools for UW students, faculty and staff in the development of plans and requisite skills needed to respond to a wide-variety of hazards and disasters that could potentially impact the UW system. **Open until filled.**
- [\*\*Emergency Program Manager\*\*](#), Portland Public Schools. This position develops, trains and implements emergency management plans to assure that students, staff and district facilities are following district safety and emergency procedures and protocols. **Open until filled.**
- [\*\*Mid Valley Regional Solutions Coordinator\*\*](#), Governor's Office, Salem, OR. There is an opening for the Mid Valley Regional Solutions Coordinator, which is a full-time Principal Executive Manager F position in the Governor's Office. The Mid Valley region includes Marion, Polk, and Yamhill counties. Regional Solutions Coordinators are based throughout the state with a mission to maximize efficiency of state agencies and collaborate with a wide range of government, private, and philanthropic partners to support economic and community development. The Regional Solutions Teams that they coordinate are charged with finding a way to get to "yes."
- [\*\*Fire Prevention Coordinator\*\*](#), Portland, OR. Portland State University is hiring a Fire Prevention Coordinator. In collaboration with key internal and external stakeholders, the Fire Prevention Coordinator identifies hazards, conducts risk assessments, prescribes corrective actions, and provides leadership in the implementation of programs to protect campus students, staff, and facilities. The ideal candidate is someone with knowledge and understanding of fire code, fire prevention practices, and fire detection, alarm and suppression systems. This position reports to the Director of Emergency Management and based on interest / experience, this person will also participate in emergency management related projects. **Open until filled.**
- [\*\*Deputy Director of Emergency Management\*\*](#), City of San Jose, CA. Under the general direction of the Director of the Office of Emergency Management, the Deputy Director will assist in managing the success of the Emergency Management Work Group (EMWG) in accomplishing the tasks set out in the newly established Emergency Management Roadmap. **Open until filled.**
