

Children and Youth in Disasters Plan

Focus Group for Child and Youth-centered Service Providers

What is this Focus Group?

Multnomah County Emergency Management and Clackamas County Disaster Management are conducting a Focus Group to inform the development of a disaster plan focused on children and youth. We need expertise from child and youth-centered service providers to identify best practices to support kids before, during, and after disasters; and to identify existing resources to meet those needs.

How do I sign up?

- Follow this link to RSVP for the Focus Group:
