COURSE DESCRIPTION

'Intermediate ICS for Expanding Incidents' provides training and resources for personnel who require advanced application of the ICS. The course expands upon information covered in the ICS-100 and ICS-200 courses. This course is intended for individuals who may assume a supervisory role in expanding incidents or Type 3 incidents. FEMA recommends that ICS-300 participants have experience using concepts and principles from ICS 100 and 200 in a response or exercise and use their skills in an operational environment before taking ICS-400. This will provide necessary context and understanding of the skills they will develop when they take ICS-400.

TOPICS

- Reporting and working relationships and information flow
- Transfer of Command
- Unified Command functions in a multi-jurisdictional or multi-agency incident
- Interagency mission planning and procurement
- Resource Management
- ICS forms
