

Other grants received across Multnomah County include support for:

Volunteer Management Plan development. If you are an NGO, private company, or government partner that is interested in participating in this planning process, please contact the Point of Contact for this project: Alice Busch, alice.busch@multco.us or 971-563-3051.

Training for evacuations and HazMat responses. Notifications, Evacuations, Shelter-in-Place, Stay Indoors and other protective action recommendations can be confusing for our general public, and the importance of our various agencies to speak the same language and work in unison to serve and protect our shared community is pivotal for life safety. If you are interested in learning more about this project, please contact the Point of Contact: Alice Busch, alice.busch@multco.us or 971-563-3051.

Emergency Training for Affordable Housing. Participating Home Forward property tenants/staff will be partnered with their local Community Emergency Response [CERT](#) teams*, and/or will form their own Home Forward CERT program. Home Forward provides supportive housing for 15,000 households of individuals and families who are challenged by income, disability or other needs. Point of Contact: Jeremy VanKeuren, jeremy.vankeuren@portlandoregon.gov or 503-823-4421.

*In Portland and other areas across Multnomah County, CERTs are referred to as [NETs](#) (Neighborhood Emergency Teams).
