

## **Emergency Management Institute (EMI) Course Registration Changes**

FEMA's Emergency Management Institute (EMI) will now use online applications for any resident ("E") course or field delivery of the Basic Academy (Lo101-0105 & Lo110) starting August 19.

Applicants for these courses should no longer submit a paper application form. To apply, go to the National Emergency Training Center (NETC) Online [Admissions Application page](#) to find a list required steps to complete the application process.

The NETC Online Admissions Application is not currently compatible with mobile devices. For questions or assistance in using the new online system to apply for courses, contact NETC Admissions at (301) 447-1035 or send an email to [NETCAdmissions@fema.dhs.gov](mailto:NETCAdmissions@fema.dhs.gov).
