

# teen TRAINING

## How big is your **HEART**? ♥

Are you a **caring** and **compassionate** person who feels a great need to **make a difference** in the lives of others while you're still in school?

- \* **TIP Teens** are called out by schools when a teacher or student has died or when something traumatic has happened.
- \* **TIP Teens** are also called out by Police, Fire and Medical when a crisis occurs—a car accident, a death, a fire, a drowning or other traumatic scenes. **TIP Teens** are needed on scene to “just be there” for a child or teen.
- \* Being a **TIP Teen** provides teens with great community service hours, a dedication to improving the lives of those in their community and allows teens to express their compassionate and understanding heart through a unique volunteer opportunity.
