Program Criteria is limited to nonprofit and public eligible health care providers

- (1) post-secondary educational institutions offering health care instruction, teaching hospitals, and medical schools
- (2) community health centers or health centers providing health care to migrants;
- (3) local health departments or agencies
- (4) community mental health centers
- (5) not-for-profit hospitals
- (6) rural health clinics
- (7) skilled nursing facilities
- (8) consortia of health care providers consisting of one or more entities falling into the first seven categories.

### Eligible Services and Connected Devices

Connected Devices may include Bluetooth or Wi-Fi enabled devices, or that connect to the Internet directly, including devices/peripherals (web cameras, stethoscopes) that connect to a consumer's phone or other connected device for purposes of providing telehealth services.

Network equipment needed to use telecommunications services, information services, or connected devices are also eligible.

Information Services such as Remote patient monitoring platforms and services, patient reported outcome platform, store and forward services, asynchronous transfer of patient images and data interpretation by the physician, platforms, and services to provide synchronous video consultation.

Taxes, shipping and installation or integration of eligible devices and services

### Tribal Priority

USAC will award 15 points to applications that demonstrate that an eligible health care provider site is either located on Tribal lands or is operated by the Indian Health Service or is otherwise affiliated with a Tribe. We direct applicants that are otherwise affiliated with a Tribe to provide supporting documentation sufficient to verify their Tribal affiliation.
